Our policy is based on several years of experience with serving meeting groups and individual B & B rooms. We have found that it was necessary to develop a policy that insures the continued operation of our establishment, minimizing business losses due to changing events beyond our control. It is much like when booking a hotel room in advance, a credit card is required to secure the booking. If one does not show on the scheduled arrival date without notice within the policy of that particular establishment, the credit card is charged nevertheless.
