Management's Responsibility

To the Members of Community Government of Whati:

The accompanying financial statements of Community Government of Whati are the responsibility of management and have been approved by the Chief and Council.

Management is responsible for the preparation and presentation of the accompanying financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The Community Government of Whati Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the financial statements. The Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Council is also responsible for recommending the appointment of the Community's external auditors.

MNP LLP, an independent firm of Chartered Accountants, is appointed by the members to audit the financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Chief and Council and management to discuss their audit findings.

June 16, 2014

Senior Administrative

Officer

Independent Auditors' Report

To the Members of Community Government of Whati:

We have audited the accompanying financial statements of Community Government of Whati, which comprise the statement of financial position as at March 31, 2014, and the statements of operations and accumulated surplus, changes in net financial assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

The Community derives revenue from the general public in the form of cash receipts and incurs related cash expenses. Due to insufficient internal control procedures, the completeness of these transactions are not susceptible to satisfactory audit verification. Accordingly, our verification of these revenue and expenses were limited to the amounts recorded in the records of the Community and we were unable to determine if further adjustments were required.

The Community was not able to provide reasonable estimates on future reclamation costs associated with the restorations of the landfill and solid waste landfill. We were unable to satisfy ourselves concerning those reclamation liabilities by alternative means. Since reclamation liabilities enter into the determination of the results of operations, we were unable to determine whether adjustments to expenditures for the year might be necessary.

Qualified Opinion

In our opinion, except for the possible effects of the matters described in the Basis for Qualified Opinion paragraphs, the financial statements present fairly in all material respects the financial position of Community Government of Whati as at March 31, 2014 and the results of its operations, changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Community Government of Whati Notes to the Financial Statements

For the year ended March 31, 2014

1. Significant accounting policies

The consolidated financial statements of the Community are prepared in accordance with Canadian Public Sector accounting standards established by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants, except the following:

Landfill and solid waste landfill

The Community is required to fund the closure of its landfill solid waste site and provide for post-closure care of the facility. Closure and post-closure activities include the final clay cover, landscaping, as well as surface and ground water monitoring, control, and visual inspection. The requirement has not been satisfied as described in Note 8.

The Community has applied the following significant accounting policies in accordance with Canadian public sector accounting standards:

Reporting entity

The financial statements reflect the assets, liabilities, revenue and expenses, changes in net financial assets and change in financial position of the reporting entity. This entity is comprised of the municipal operations plus all of the organizations that are owned or controlled by the Community and are, therefore, accountable to the Council for administration of their financial affairs and resources.

The Community received significant funding from the Government of the Northwest Territories in the form of operating grants and capital grants. Administration is of the opinion that discontinuance of funding would significantly disrupt operations.

Basis of accounting

The financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting records revenue as it is earned, measurable and reasonably collectible. Expenses are recognized as they are incurred and measurable based upon receipt of goods and services and/or the legal obligation to pay.

Revenue recognition

Funding

Revenue is recognized as it becomes receivable under the terms of applicable funding agreements. Funding received under funding arrangements that relate to a subsequent fiscal period are reflected as deferred revenue on the statement of financial position in the year of receipt.

Government transfers

The Community recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, the Community recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

Use of estimates

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the reporting period. Where measurement uncertainty exists, the financial statements have been prepared within reasonable limits of materiality. Actual results could differ from those estimates.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Provisions are made for slow moving and obsolete inventory. Amortization is based on the estimated useful lives of tangible capital assets.

Community Government of Whati Notes to the Financial Statements

For the year ended March 31, 2014

1. Significant accounting policies (Continued from previous page)

Cash resources

Cash resources includes balances with banks and short-term investments with maturities of three months or less. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

Impairment of long-lived assets

The Community reviews its long-lived assets for impairment on a regular basis or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Recoverability is assessed by comparing the carrying amount to the projected future net cash flows the long-lived assets are expected to generate. No impairment has been identified and, thus, no impairment loss has been recognized in these financial statements.

Pension expenditures

Contributions for current and past service pension benefits are recorded as expenses in the year in which they become due.

Government transfers

Government transfers are the transfer of monetary assets or tangible capital assets from a government for which the senior level of government making the transfer does not:

- -receive any goods or services directly in return; or
- -expected to be repaid in future; or
- -expect a direct financial return.

Government transfers are recognized as revenue in the period in which the events giving rise to the transaction occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be determined.

Community Government of Whati Notes to the Financial Statements

For the year ended March 31, 2014

Rate

1. Significant accounting policies (Continued from previous page)

Non-financial assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the normal course of operations. The change in non-financial assets during the year, together with the excess of revenue over expenses, provides the consolidated change in net financial assets for the year.

i. Tangible capital assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets is amortized on a straight-line basis over the estimated useful life. One-half of the annual amortization is charged in the year of acquisition. Assets under construction are not amortized until the asset is available for production use. Amortization rates are as follows:

Land Improvements	15-25 years
Buildings	25-50 years
Engineered structures - Water and	30-45 years
wastewater system	
Engineered structures - Roadway systems	25- 7 5 years
Machinery and equipment	3-20 years
Vehicles	10 years

ii. Contributions of tangible capital assets

Tangible capital assets received as contributions are recorded at fair value at the date of receipt and also are recorded as revenue.

iii. Inventory

Inventories held for use are recorded at the lower of cost and replacement cost.

iv. Prepaid expenses

Prepaid expenses include insurance costs incurred which will be expensed in the following fiscal year, and pre-payments on goods and services which will be utilized in the following fiscal year.

Leases

Leases are classified as capital or operating leases. Leases which transfer substantially all the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expenses as incurred.

Segments

The Community conducts its business through 9 (8 in 2013) of reportable segments: General government services, Protective services, Water and sewer, Transportation and public works, Environmental and public health services, Land development, Recreation and community services, NWT Housing and Contract services. These operating segments are established by senior management to facilitate the achievement of the Community's long-term objectives to aid in resource allocation decisions, and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information. Administration fees have been apportioned based on a percentage of budgeted revenue, where permitted by the funder.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in the Significant Accounting Policies.

Community Government of Whati Notes to the Financial Statements

For the year ended March 31, 2014

Significant accounting policies (Continued from previous page)

Recent accounting pronouncements

Liability for contaminated sites

In June 2010, the Public Sector Accounting Board (PSAB) issued PS 3260 *Liability for Contaminated Sites* to establish recognition, measurement and disclosure standards for liabilities associated with the remediation of contaminated sites. The new section defines activities included in a liability for remediation, establishes when to recognize and how to measure a liability for remediation, and provides the related financial statement presentation and disclosure requirements.

PS 3260 is effective for fiscal years beginning on or after April 1, 2014. The Community has not yet determined the effect of the new section in its financial statements.

Financial instruments

In June 2011, the Public Sector Accounting Board (PSAB) issued PS 3450 *Financial Instruments* to establish standards for recognition, measurement, presentation and disclosure of financial assets, financial liabilities and non-financial derivatives. As a result of issuance of PS 3450, there have been numerous consequential amendments made to other Sections. PS 3450 is effective for governments for fiscal years beginning on or after April 1, 2015. Earlier adoption is permitted.

PS 3450 is applied prospectively in the fiscal year of initial adoption; therefore, financial statements of prior periods, including comparative information, are not restated. The Community has not yet determined the effect of these new standards on its financial statements.

	35,718	210,055	1,344,409	130,781	1,229,417

In 2013 total deferred revenue and reserves were \$3,319,470, restricted deposits were \$3,642,807 receivables were \$nil and the deposit surplus was \$323,337.

Sufficient funds must be deposited into separate bank accounts to correspond with the respective restricted balances. Interest earned on these accounts are deposited into the appropriate restricted bank account. As of March 31, 2014, the community has excess cash in their restricted funding accounts.

Restricted deposits bear interest between 0.65% - 1.20% (2013 - 0.65% - 1.35%).

5. Accounts payable and accrued liabilities

2014

2012

2013

MCAP lease obligation

8,390

8. Landfill and solid waste landfill

The total liability to close the landfill and solid waste landfill can not be reasonably estimated at this time due to the uncertainty of the future costs. When the costs can be reasonably estimated a liability will be accrued to record the future cost.

9. Commitments and contingencies

Insurance

The Community Government participates in the Northwest Territories Association of Municipalities insurance programs. Under these programs the Community Government is insured for property, automotive and liability. Under the terms of memberships, the Community could become liable for its proportionate share of any claim losses in excess of the funds held by the exchange. Any liability incurred would be accounted for as a current transaction in the year the loss are determined.

10. Tangible capital assets

The tangible capital assets reconciliation is included in Schedule 1.

11. Inventories held for use

Inventories held for use are recorded at the lower of cost and replacement cost. Inventory held for use consists of crushed gravel to be used for future road upgrades and repairs.

12. Equity in tangible capital assets

	2014	2013
Tangible capital assets (Schedule 1) Accumulated amortization (Schedule 1) Capital lease obligation (Note 7)	18,848,859 (6,118,953)	15,256,496 (5,984,0 77) (8,390)

Community Government of Whati Notes to the Financial Statements

For the year ended March 31, 2014

15. Northern employee benefits services

Employees of the Community Government of Whati participate in the Northern Employee Benefits Services. The plan services about 2078 people (2013 - 2006) and 84 employers (2013 - 81). It is financed by employer and employee contributions and investment earnings of the Northern Employee Benefits Services fund.

The Community Government of Whati is required to make current service contributions to the plan of 8% of pensionable earnings up to \$156,872 (2013 - \$152,719), and 0% for the excess.

The current service contributions by the Community Government of Whati of the Northern Employee Benefits Services in 2014 were \$44,095 (2013 - \$44,095). Total current service contributions by the employees of the Community in 2014 were \$44,095 (2013 - \$44,095).

At January 1, 2013 the Plan disclosed an actuarial deficiency of \$5,663,200 (2013 - \$4,219,000) on a going concern basis and \$38,578,200 (2013 - \$60,675,400) on a solvency valuation basis. The solvency ratio used is **7**6.0% (2013 - 62.3%).

16. Economic dependence

Community Government of Whati receives substantially all of its revenue from the Minister of Municipal and Community Affairs (MACA) as a result of treaties entered into with the Government of Canada. This act is administered by MACA under the terms and conditions of the Tlicho Community Government Act. The ability of the Community to continue operations is dependent upon the Government of Canada's continued financial commitments.

17. Approval of financial statements

Council and Management have approved these financial statements.

18. Budget information

The disclosed budget information has been approved by the Chief and Council on September 9, 2013.
