

Northern Compass Weekly Newsletter

One-time Bursary

Northern Compass is opening a one-time bursary to students from Nunavut, the NWT, or Yukon who are currently enrolled in post-secondary, to assist with the cost of living and school expenses. We have a limited number of bursaries available. Priority will be given to students who have accessed Northern Compass supports (tutoring, check-ins, social events, study coaching, application fees), and a smaller number of bursaries will be available to students who have not accessed Northern Compass Services before.
