ODARA Reports	1	1	6

Annual Performance Plan (A.P.P.'S) Community Priorities

Community approved APP'S are (1) Substance Abuse
(2) Domestic Violence
(3) Youth

(1) This month the detachment addressed the issue of substance abuse by conducting dedicated community patrols. Whati members continue to receive information on how alcohol and drugs are being brought into the community. Patrols are made for the purpose of intercepting alcohol and drugs on land, air and water. To date, there have

been multiple seizures of alcohol in the community of Whati. A total of 7 375ml bottles of hard alcohol has been seized in the community of Whati by the local RCMP Members. Members continued their proactive work in the community to curb the use of alcohol but received very little information in regards to the sale or use of alcohol in the community in the month of January. Officers attended the Whati Community dance on New Year's Eve and several people were sent home for being intoxicated. The winter road is now open and dedicated patrols are being made in an attempt to combat the abuse of alcohol in the community. The road opened on January 19th 2015 and since then Whati Detachment has spent 28 hrs on the road conducting patrols. No significant seizures have been made on the road to date.

The Community assisted the priority by:

Several members of the community have provided members of the detachment with information regarding the illegal possession of alcohol in the community of Whati. Most community members wish to remain anonymous and are sometimes hesitant to provide information as they fear retaliation from the community. Members received little info in regards to the use and sale of drugs and alcohol in the month of January. The community arranged a dance on New Year's Eve that was supposed to be a dry event but a significant number of the attending members of the community were intoxicated.

(2) This month the detachment addressed the issue of Domestic Violence by increasing the number of victim services referrals for the detachment. It does not appear as though victim services have been utilized to its full potential at the Whati Detachment last year. One of the goals for the detachment for this year, is to increase the number of Victim Services referrals on occurrences that warrant such referrals. Most importantly, we hope that through these referrals and education, the total number of occurrences involving Domestic Violence will eventually decrease. The total number of referrals were at 7 for 2014 and we have already had 4 in the month of January 2015.

The Community assisted the priority by:

No action has been taken by the community during the month of January to address the issue of Domestic Violence.

(3) This month the detachment was involved with youth by attending the school daily to interact with students and the Mezi Community School staff. There has been increased youth/gang activity in the community this year but activity has been quiet this month as several of the involved youth are currently in custody. The Whati Detachment schedule has been adjusted to help with the issue. Much of the youth activity has been occurring late at night. The schedule has been adjusted so that the Whati Detachment has a presence in the community during the late hours of the night. The new shift is from 17:00hrs to 01:00hrs to increase visibility and hopefully deter any possible youth/gang related offences. It will not only act as a deterrence but also should increase interaction with youth during the late night hours. It appears many of the youth in Whati are mostly active during this time. Also, we are currently in discussion with the Mezi Community School and G Division's Community Policing Liaison, Cst. Maury Sparvier, to arrange the Aboriginal Shield Program. Members have arranged a sports night at the school every

Tuesday to help increase relations with youth in the community. We supervise and participate in several sports including hockey, soccer and basketball. We have been attending the local arena to participate in hockey with members of the community. Currently we are working with the community to try and organize hockey at the arena. At the most recent Inter-Agency meeting, we came up with a proposal in an attempt to help pay for the cost of kids to skate at the arena and play hockey. Many of the kids cannot afford the cost of admission and are left standing around watching when they could be participating. We brought forth the idea of having sponsored nights at the arena where each agency sponsors a night so kids do not have to pay and everyone will be able to participate. Currently, I am working on obtaining the funding to sponsor a night. I estimate that it will cost the detachment approximately \$600 for the year.

The Community assisted the priority by:

There has been little assistance from the community to help address the situation with youth/gang activity in the community of Whati. At the last Chief and council meeting we were advised that they are in the process of hiring a new recreation coordinator. At present time, there are very few organized activities for youth in the community of Whati. The interest shown by local agencies to sponsor nights at the arena is a step in the right direction to get youth involved in recreational activities in the community.

Update on work being performed by ACCPP, ACCP, APTP members:

N/A

Notable Occurrences for the Month:

In the month of January, we had one notable file that involved several occurrences of Assault with a weapon, threats, Mischief and several charges for failing to comply with an Undertaking. The accused is currently in custody on 13 charges stemming from the initial report.

New Community Concerns (update on concerns raised in the past not yet resolved)

At last month's meeting, counsel expressed their concern with the increased abuse of alcohol and youth violence in the community. This has been an ongoing issue in the community and we are actively working with the community to help resolve the issues.

Community Policing Activities or Events (if not identified in the APP's)

The Detachment has been involved in a number of community events this past month.

- Members have attended the youth center to speak with and interact with the youth in the community of Whati.
- Members attend the Whati airport several times a week to assist with unloading of cargo on scheduled flights.
- Tours of the detachment with youth in the community.
- Organized and attended sports night with youth at the school.
- Attended community dance and attended events during the holidays

- Attended the local arena to assist with organizing hockey and playing hockey with members of the community.

Should you have any questions or concerns regarding this report, please feel free to contact me to discuss.
