IMPLEMENTATION PLAN FOR THE TŁĮCHỌ LAND CLAIMS AND SELF GOVERNMENT AGREEMENT

DEVELOPED BY:

The Dogrib Treaty 11 Council, herein acting for and on behalf of the Thcho and on its own behalf, and represented by its undersigned authorized representatives; and

The Government of the Northwest Territories, as represented by the Minister of Aboriginal Affairs, hereinafter referred to as "the Government of the Northwest Territories", and

Her Majesty the Queen in right of Canada, as represented by the Minister of Indian Affairs and Northern Development (IAND) hereinafter referred to as "Canada".

WHEREAS a Land Claims and Self Government Agreement, hereinafter referred to as the "Thcho Agreement" has been signed by the Dogrib Treaty 11 Council and Government;

AND WHEREAS chapter 5 of the Thcho Agreement requires an Implementation Plan, which is to guide the implementation of the Thcho Agreement by the Dogrib Treaty 11 Council, the Government of the Northwest Territories and Canada, hereinafter referred to as "the Parties";

AND WHEREAS representatives of the Parties have developed this Implementation Plan, hereinafter referred to as the "Plan", which identifies certain activities to be undertaken and certain costs which shall be incurred with respect to the implementation of the Thcho Agreement during the initial implementation period;

AND WHEREAS the Parties wish to provide a mechanism in accordance with chapter 5 of the Thcho Agreement to monitor the implementation of the Thcho Agreement and to address disputes in a co-operative manner and to amend the Plan in the light of changing circumstances;

THEREFORE the parties agree as follows:

1. Legal Status of the Plan

- 1.1 The Plan includes documents indicating the activities required to implement the Thcho Agreement and an estimate of the associated costs. The Plan is not intended to create legal obligations in addition to those contained in the Thcho Agreement.
- 1.2 Nothing in the Plan is to be considered an amendment to, modification of, or derogation from the Thcho Agreement.
- 1.3 Where there is any inconsistency or conflict between the Plan and the Thcho Agreement, the Thcho Agreement shall prevail to the extent of the inconsistency or conflict.
- 1.4 The Plan is not a treaty or a land claims agreement pursuant to section 35 of the *Constitution Act 1982*.
- 1.5 The Plan is based upon the existing division of responsibilities between the federal and territorial governments. To the extent that federal jurisdiction, powers or programs are transferred to the Government of the Northwest Territories the activities performed by the Government of the Northwest Territories pursuant to the Plan and costs associated with such activities shall be reviewed by the federal and territorial governments.
- 1.6 Canada's financial payments described herein are subject to annual appropriation by Parliament.
- 1.7 The Government of the Northwest Territories' financial payments described herein are subject to appropriation by the Legislative Assembly.

2. <u>Contents of the Plan</u>

- 2.1 The Plan includes the following documents attached hereto:
 - 2.1.1 Activity Sheets for the implementation of the Thcho Agreement (Annex A).
 - 2.1.2 Activity Sheets for the implementation of the Intergovernmental Services Agreement (Annex B).
 - 2.1.3 Activity Sheets for the implementation of the Community Vendors' Agreement (Annex C).
 - 2.1.4 Financial Payments (Annex D).
- 3. <u>Term of this Agreement</u>
- 3.1 This agreement will commence on the effective date of the Thcho Agreement and, subject to section 6.2, will end on the tenth anniversary of the effective date of the Thcho Agreement.
- 4. <u>Activity Sheets</u>
- 4.1 The Activity Sheets describe the specific activities required for the performance of obligations under the Thcho Agreement, the Intergovernmental Services Agreement and the Community Vendors' Agreement during the initial implementation period of ten years from the effective date of the Thcho Agreement.
- 5. Financial Payments
- 5.1 Annex D describes the funding, and any annual adjustments, during the initial implementation period of ten years from the effective date of the Thcho Agreement for the following:
 - 5.1.1 Part 1 Boards and Committees
 - 5.1.2 Part 2 Wildlife Studies
 - 5.1.3 Part 3 Cultural Coordinator
 - 5.1.4 Part 4 Government of the Northwest Territories
- 5.2 Recognizing that years 1 to 10 will be unlikely to coincide with government's fiscal years (April 1 to March 31) and that the recipients of the annual amounts in Parts 1 and 3 and, subject to the Bilateral Funding Agreement Respecting the Implementation of the Thcho Agreement between Canada and the GNWT, Part 4 of Annex D will need to budget on a fiscal year basis, those amounts will be allocated, by the effective date of the Thcho Agreement, to fiscal years. Upon verification of the calculations by the Implementation Committee, the fiscal year allocations will be deemed to replace the amounts in Annex D.

- 5.3 The Year 1 payments to the Government of the Northwest Territories shall be made as soon as possible after the date of the effective date of the Thcho Agreement. The first year's payments to the Boards and Committees shall be made as soon as possible after the establishment of the bodies and, subject to 12.3.2 and 22.1.3 of the Thcho Agreement, the approval of their first budget.
- 5.4 The amounts described in Parts 1 and 3 and, subject to the Bilateral Funding Agreement Respecting the Implementation of the Thcho Agreement between Canada and the GNWT, Part 4 of Annex D will be subject to annual adjustments in the manner described in Part 5 of Annex D.
- 5.5 Subject to section 5.6, Canada will provide funding for the approved costs of Class A and Class B Water Licence hearings that the Wek'èezhìi Land and Water Board are authorized by legislation to hold.
- 5.6 For the purpose of obtaining funding under section 5.5, the Wek'èezhìi Land and Water Board will be required to submit budgets to the Minister of IAND or the Minister's delegate and are subject to the review and approval of the Minister or Minister's delegate.
- 5.7 The Parties acknowledge that incremental costs relating to implementing the provisions of section 7.6 of the Thcho Agreement may be incurred by the Government of the Northwest Territories. While these costs are difficult to ascertain at this time, the Parties to the Thcho Agreement will undertake tripartite discussions, at the request of the Government of the Northwest Territories, to examine the incremental costs of implementing the provisions of section 7.6, including any costs of the courts and policing related to the enforcement of Thcho laws.
- 6. <u>Amendment and Renewal</u>
- 6.1 The Implementation Plan may be amended by the agreement of the Implementation Committee identified in 5.2 of Thcho Agreement.
- 6.2 The Parties to the **Thcho** Agreement may agree to renew the Implementation Plan for a period beyond its ten year term.

OBLIGATIONS ADDRESSED:

- 2.10.2 If the Thcho Government proposes the exercise, by Thcho Citizens, the Thcho First Nation or the Thcho Government, of a right that is not a land right and that is not set out in the Agreement, the Parties shall enter into discussions to determine what their interests are in relation to the proposed right. The Parties may, after these discussions, agree to enter into negotiations for the amendment of the Agreement to incorporate the proposed right.
- 2.10.3 If the Parties do not agree to enter into negotiations within 90 days of receipt under 2.10.2 by government of the proposed right or do not consent to the text of the amendment within one year of agreement to enter into negotiations or such longer period set by the Parties, the Thcho Government may apply to the Supreme Court of the Northwest Territories for a decision on whether the proposed right is an Aboriginal right of the Thcho First Nation. Government has the status of a party in any such application.
- 2.10.5 If the highest court in which an application under 2.10.3 is considered confirms the existence of an Aboriginal right of the Thcho First Nation, the Parties shall enter into negotiations to incorporate the right into the Agreement.
- 2.10.6 If the Parties fail to consent to the text of an amendment within one year of the decision by the highest court in which an application under 2.10.3 is considered, or such longer period set by the Parties, the Thcho Government may submit the issue, as to the text of the amendment, for resolution in accordance with chapter 6.
- 2.10.7 Subject to 2.10.8, an arbitrator under 6.5 is limited to drafting the text to fit the language and format of the Agreement, after consultation with the Parties,

- (a) in order to describe the nature and scope of the right, as confirmed by the court; and
- (b) where the right includes a law-making power, in order to confirm that
 - (i) the law-making power is concurrent with that of government,
 - (ii) a federal law of overriding national importance prevails over any conflict between it and a Thcho law made under that power, to the extent of the conflict,
 - (iii) a provision of federal legislation that implements an obligation of the Government of Canada under an international agreement prevails over any conflict between it and a Thcho law made under that power, to the extent of the conflict,
 - (iv) except where provided otherwise by the court, federal legislation other than that referred to in (ii) and (iii) prevails over any conflict between it and a Thcho law made under that power, to the extent of the conflict,
 - (v) a provision of territorial legislation that implements an obligation of the Government of Canada under an international agreement prevails over any conflict between it and a Tłąchǫ law made under that power, to the extent of the conflict, and
 - (vi) except where provided otherwise by the court, a Thcho law made under that power prevails over any conflict between it and territorial legislation other than that referred to in (v), to the extent of the conflict.
- 2.10.8 The arbitrator shall not include in the draft text any financing obligations for any of the Parties notwithstanding any finding of the court.
- 2.10.9 The Agreement shall be considered to be amended in accordance with the text drafted by the arbitrator. The amendment shall be deemed to have been made 30 days after the release of the arbitrator's decision.
- 2.10.10 For the purpose of 2.10.7(b)(ii), a federal law of overriding national importance includes a federal law that relates to preservation of peace, order and good government, that relates specifically to the criminal law, human rights or the protection of health and safety of all Canadians or that is essential to national security.
- 2.10.11 For the purpose of 2.10.2, the tax treatment of Thcho Citizens will be deemed to be set out in the Agreement.
- 2.10.12 For the purpose of 2.10.2, a right that is a law-making power shall be considered to be set out in the Agreement where the power is in relation to any of the following:
 - (a) businesses, occupations and activities on Thcho lands;
 - (b) intoxicants, weapons and dangerous substances on Thcho lands;
 - (c) Thcho language and culture of the Thcho First Nation;

EXPLANATORY NOTE:

1. For clarity, "Parties" is a defined term in Chapter 1:

"Parties" means the Parties to the Agreement, namely the Thcho First Nation, as represented by the Thcho Government, the Government of the Northwest Territories and the Government of Canada.

FUNDING:

- 1. Each party to a dispute arbitration process shall bear its own costs and an equal share of the other costs of the arbitration including the remuneration and expenses of the arbitrator, except where the arbitrator decides to impose the responsibility for costs on just one or some of the parties to the dispute or to distribute it among those parties in a different manner. For these purposes "the other costs of the arbitration" include, but are not limited to, the remuneration and expenses of the arbitrator.
- 2. The arbitrator will be responsible for collecting their remuneration and expenses from the parties to the dispute, in accordance with any rules set out by the administrator.
- 3. Funding for the administrator is set out in Sheet # 6-2.

OBLIGATIONS ADDRESSED:

- 9.4.1 Where government has determined it no longer requires land that it holds in a Thcho community, it shall make an offer to convey fee simple title to that land or whatever lesser title it holds, excluding mines and minerals that are not specified substances, to the Thcho community government and shall not convey such an interest in those lands to any other person or government.
- 9.4.2 The Thcho community government is not liable for the payment of any consideration in respect of the value of lands conveyed to it under 9.4.1, but is liable for any costs incurred by government to effect the conveyance. If there are any improvements on the lands, government may, before conveyance of title to the Thcho community government, grant an interest, less than fee simple, in relation to the improvements, and the title of the Thcho community government will be subject to that interest.
- 9.4.3 Notwithstanding 9.4.1 and 9.4.2, government is not obliged to convey title to the land referred to in 9.4.1 if the land had been acquired by government from the Thcho community government upon payment of consideration or compensation, unless government is paid by the Thcho community government for the value of that consideration or compensation.
- 9.4.4 Any dispute as to the amount to be paid to government under 9.4.3 may be referred by the Thcho community government for resolution in accordance with chapter 6.

OBLIGATIONS ADDRESSED:

- 12.3.2 The Wek'èezhìi Renewable Resources Board shall prepare an annual budget and submit it to government, except that the budget for the first year of operation shall be as set out in the Implementation Plan. The requirement for an annual budget does not prevent government from providing multi-year funding to the Board. Government may approve the budget as submitted or vary it and approve it as varied. The expenses of the Board incurred in accordance with its approved budget shall be a charge on government. The budget shall provide for funds reasonably required to fulfill the mandate of the Board and shall be in accordance with the Government of Canada's Treasury Board guidelines.
- 12.3.3 The budget of the Wek'èezhin Renewable Resources Board may provide for
 - (a) remuneration and travel expenses for attendance of Board members at Board and committee meetings;
 - (b) the expenses of public hearings and meetings;
 - (c) the costs of research, public education and other programs as may be approved by government from time to time; and
 - (d) the expenses of staff, advisors and consultants and of the operation and maintenance of the office.
- 12.3.4 The Wek'èezhìi Renewable Resources Board shall have, subject to its approved budget, such staff, professional and technical advisors and consultants as are necessary for the proper conduct of its affairs.
- 12.3.5 The Wek'èezhii Renewable Resources Board may make by-laws respecting
 - (a) the calling of meetings of the Board and the conduct of its business at its meetings; and
 - (b) the establishment of special and standing committees of the Board, the delegation of duties to such committees and the fixing of quorums for meetings of such committees.
- 12.3.6 The Wek'èezhìi Renewable Resources Board may make rules respecting consultations to be conducted by it, the procedure for making applications, representations and complaints to it, including the conduct of hearings before it, and generally respecting the conduct of any business before it. The Board shall publish any such rules.
- 12.3.11 The Wek'èezhìi Renewable Resources Board shall establish and maintain a public file for reports, research papers and data received by the Board and for its determinations and recommendations, except that any material furnished on a confidential basis shall not be made public without the consent of the originator.

OBLIGATIONS ADDRESSED:

- 12.5.1 A Party shall, before taking any action for management of wildlife in Wek'èezhìi, including such actions as set out in a management plan, submit its proposals to the Wek'èezhìi Renewable Resources Board for review under 12.5.4. These proposals may include provisions respecting such matters as protection or enhancement of habitat, research, identification and reporting requirements, monitoring, total allowable harvest levels, limitations on methods of harvesting and other limitations on harvesting activities, allocations of any total allowable harvest levels, designation of species or stocks at risk and identification of lands where harvesting or access for harvesting is prohibited for safety purposes. The Board may identify types of actions that need not be sent to it for review. In preparing any proposal, a Party shall consult with any other Party or other body with powers to manage any aspect of the proposal.
- 12.5.2 12.5.1 does not prevent a Party from establishing identification requirements in relation to wildlife harvested, harvesters or persons in possession of wildlife without first submitting them as proposals to the Wek'èezhìi Renewable Resources Board for review under 12.5.4. In order to facilitate co-ordination, each Party shall consult with the other Parties before establishing such identification requirements.
- 12.5.3 Any wildlife management plans, limits on wildlife harvesting or regulations respecting wildlife harvesting or other wildlife activities in existence before the effective date remain in effect until replaced, amended or removed under 12.5.
- 12.5.4 The Wek'èezhìi Renewable Resources Board shall review a proposal submitted to it under 12.5.1 or 12.11.2. Before making its determination or recommendation under 12.5.5, the Board shall consult with the Party that submitted the proposal and with any other Party or body with powers to manage any aspect of the proposal, including any body with management powers over a national park and, in the case of a proposal respecting wildlife that migrates between Wek'èezhìi and another area, any body with authority over that wildlife in that other area, with a view to harmonizing the proposal with the actions of such other bodies. If a Party wishes the Board to make its determination or recommendation within a particular period of time, it shall specify that period when submitting its proposal.
- 12.5.14 Notwithstanding 12.5.1, a Party may, to the extent of its powers under legislation or Thcho laws, take any action for the management of wildlife in Wek'èezhìi, in an emergency, without waiting for a determination or recommendation of the Wek'èezhìi Renewable Resources Board, but if it does so the Party shall notify the Board and the other Parties as soon as possible, with reasons for taking such action.

18.1.1 The Thcho Government, on behalf of the Thcho First Nation, is vested with title, which may be referred to as "Thcho title", to the lands the boundaries of which are shown on the map described in part 1 of the appendix to this chapter, totalling approximately 39,000 square kilometres, including the mines and minerals that may be found to exist within, upon or under such lands, subject to the interests listed in part 2 of the appendix to this chapter and to any renewals or replacements of such interests and to the interests granted under 18.1.2.

- 18.1.2 Before the effective date, a person authorized by the Dogrib Treaty 11 Council may, on behalf of the Thcho Government, execute an agreement for the granting of an interest described in part 3 of the appendix to this chapter. All such interests will come into effect on the effective date and the agreement will bind the Thcho Government on whose behalf it was executed.
- 18.1.3 Before the effective date, the chief negotiators may agree in writing to amend part 3 of the appendix to this chapter by adding thereto the descriptions of additional interests, and that part of the appendix shall be deemed to have been amended in accordance with such an amending agreement upon the execution of the amending agreement by the chief negotiators.
- 18.1.4 During the first year after the effective date, the Parties will amend part 2 of the appendix to this chapter to include any interests granted before the effective date that are still in effect immediately before that date. Any such amendment will be deemed to have been made immediately before the effective date.
- 18.1.5 In the case of a dispute among the Parties as to whether any interest has been granted before the effective date or is still in effect immediately before that date, one of the Parties may refer the dispute for resolution in accordance with chapter 6. Any interest that an arbitrator determines under chapter 6 to have been granted before the effective date and to still have been in effect immediately before that date shall be deemed to have been included in part 2 of the appendix to this chapter immediately before the effective date.
- 18.1.6 During the first year after the effective date, the Parties may amend part 2 of the appendix to this chapter to correct an error in the reference to an interest or to remove therefrom an interest that did not exist immediately before the effective date. Any such amendment will be deemed to have been made immediately before the effective date.

OBLIGATIONS ADDRESSED:

- 18.4.1 The Government of Canada shall survey the boundaries of Thcho lands in accordance with the instructions of the Surveyor General and the *Canada Lands Survey Act* within the time specified in the Implementation Plan.
- 18.4.2 The Government of Canada shall be responsible for the cost of the survey conducted under 18.4.1.
- 18.4.3 During the survey conducted under 18.4.1,
 - (a) those portions of seismic lines and other artificial features used as reference points for the boundaries of Thcho lands shall be monumented by government sufficiently, as determined by the Surveyor General, to define their location; and
 - (b) natural features used as reference points for boundaries of Thcho lands shall be photographed by government.
- 18.4.4 Where the map described in part 1 of the appendix to this chapter indicates that a part of a boundary of Thcho lands is defined by reference to natural features but, during the survey conducted under 18.4.1, it is found that the natural features
 - (a) are not well defined;
 - (b) do not exist; or
 - (c) are not located, in relation to other features used as reference points for the boundaries of Thcho lands, where the map indicates they would be,

the Surveyor General shall have the authority, in consultation with the Parties, to mark that part of the boundary on the ground and show it on the plan of survey in a location that reflects as closely as possible the intention of the Parties when the map was finalized.

- 18.4.5 During the survey conducted under 18.4.1, the Surveyor General, in relation to the boundaries of Thcho lands adjacent to the Yellowknife Highway as shown on NTS mapsheets 85 J/11, 85 J/12, 85 J/13 and 85 K/9 of the map described in part 1 of the appendix to this chapter, need not follow the exact location of the boundaries as shown on that map but shall mark the boundaries on the ground and show them on the plan of survey so that
 - (a) the boundary on one side of that highway is parallel to the boundary on the other side of the highway;

- (b) the two boundaries are 60 metres apart; and
- (c) the highway is approximately centred between the two boundaries to the extent practical.
- 18.4.6 The Thcho Government shall be responsible for the cost of surveys associated with the leasing and subdivision of Thcho lands.
- 18.4.7 Boundaries of Thcho lands that are defined by reference to natural features shall change with the movements of the natural features as long as these movements are gradual and imperceptible from moment to moment.
- 18.5.1 The Government of Canada shall submit to the Registrar of Land Titles for the Northwest Territories, for registration, the plan of survey of the boundaries of Thcho lands prepared under 18.4.1 as soon as possible after the plan has been signed by representatives of the Parties, signifying their acceptance of it. Upon submission of the plan in the required form, the Registrar shall register it.
- 18.5.2 The Thcho Government has a right to obtain a certificate of title of Thcho lands after the plan of survey prepared under 18.4.1 has been registered, upon making a request in the form prescribed by legislation.
- 18.5.3 Subject to 18.5.4, upon the registration of the plan of survey prepared under 18.4.1, the surveyed boundaries of Thcho lands replace the description of the boundaries of Thcho lands shown on the map described in part 1 of the appendix to this chapter, as of the effective date.

RELATED CLAUSES: 18.5.4, appendix to chapter 18 (part 1, part 2)

FUNDING:

1. The Government of Canada shall be responsible for the cost of the survey conducted under 18.4.1, and the Thcho Government shall be responsible for the costs of surveys associated with the leasing and subdivision of Thcho lands, in accordance with 18.4.6.

PLANNING ASSUMPTIONS:

- 1. Registration of title under 18.5 would also have to include interests registered against the title.
- 2. The survey program identified in Activity 1, pursuant to 18.4.1, is as follows:

Thcho Lands Survey Implementation Plan

The Thcho Lands Survey plan is scheduled to last 8 years, in order to economically advantage the Thcho communities as much as possible during the execution of the land survey.

YEAR 1

As the Thcho Agreement requires that this project be performed on the North American Datum of 1927 (NAD27). The most economical way to ensure the desired accuracy for the overall survey is to establish ground control, in year 1, for use throughout the entire 8-year project. As near to the effective date as possible, it would be important to prepare an aerial photography of all the Thcho lands boundaries including the Yellowknife highway. Targeting control points will also be necessary. Targeting the control points will provide important quality control for the aerial photography and will provide increased economy overall in the project. Strategic locations will be selected that could also be targeted for use in quality control for the aerial photography.

(Estimated number - 1 control point per 10km of boundary for a total boundary of 2900 km.).

YEAR 2

It is proposed in year 2 to do the field survey and monumentation of the Thcho lands defined by the right of way calculated from the centreline of the Yellowknife highway; It is also recommended to do the field survey and monumentation of the boundaries of the *Advanced Exploration Sites* and the *Hazardous Waste Sites*.

Note that the highway will NOT be surveyed within Thcho Community Lands.

In respect to the mineral claims, the existing surveys of mineral claims recorded in the Canada Lands Surveys Records that are not "confirmed" by the Surveyor General must be inspected on the ground prior to use on the Thcho lands survey plans. This also means that non-CLS monumentation will be replaced with satisfactory monuments. Boundaries of mineral claims that were not measured directly (i.e. traversed and shown as calculated in the Field Notes) and form boundaries of Thcho lands shall be cut out. All mineral claim boundaries not previously surveyed will be surveyed according to the Canada Mining Regulations, except that all boundaries of Thcho lands will be cut out.

YEAR 3

Proposed in year 3 is the field survey and monumentation of the Thcho lands near Thcho communities.

The aerial photography flown in year 1 should be at a larger scale for the communities. In year 3 an orthophoto map product should be prepared covering the entire parcel for each community. Orthophoto map products (1:10,000) should be prepared for delineation and depiction of all natural boundaries and filed as part of the Field Notes of the survey of Thcho lands. Monumentation in the field should be put in inter-visible (used average separation of 550m).

Monuments will be placed at intervals not exceeding one kilometre.

Marker posts will be placed at all monuments.

Monuments will be placed on either side of water bodies that are greater than 500m in width. Note that short artificial boundary monuments will also require 3 ancillary monuments.

YEAR 4

Proposed in year 4 would be the field survey and monumentation of the general South boundary of Thcho lands. There will be a preliminary determination of the location of the natural boundaries by a photogrammetrist, assisted by a CLS, done prior to entering the field; then ground truthing can commence with orthophotos in hand. As part of the Theorem boundary is comprised to a large extent by the natural boundaries (lakes and rivers) and that the existing mapping of this area is on average 25 to 40 years old and as that the Ordinary High Water Mark of most large lakes used to describe the boundaries has probably not changed considerably due to the nature of the land (Canadian Shield), there will be sections of natural boundary that will not be suitable as a boundary. This will be determined by a Canada Lands Surveyor through site inspection as smaller lakes and streams are questionable for use as legal definition for Thcho lands. Unacceptable sections of natural boundary will necessarily be replaced with a rectilinear boundary that approximates the position of the feature shown on the 1:50,000 maps used to describe Thcho lands. There are many short isolated sections of artificial boundary used to connect natural features (across rivers or narrow lake channels). These short boundaries require only two monuments and therefore must include substantial ancillary monumentation. Each short section must also have independent spatial ties and check-measurements. Here again, monuments will be intervisible (used average separation of 550m) and monuments will be placed at intervals not exceeding one kilometre and marker posts will be placed at all monuments.

YEAR 5

Proposed in year 5 would be the field survey and monumentation of the general East boundary of Theorem lands. There will be a preliminary determination of the location of the natural boundaries by a photogrammetrist, assisted by a CLS, done prior to entering the field; then ground truthing can commence with orthophotos in hand. As part of the Theorem boundary is comprised to a large extent by the natural boundaries (lakes and rivers) and that the existing mapping of this area is on average 25 to 40 years old and as that the Ordinary High Water Mark of most large lakes used to describe the boundaries has probably not changed considerably due to the nature of the land (Canadian Shield), there will be sections of natural boundary that will not be suitable as a boundary. YEAR 6

Proposed in year 6 is the field survey and monumentation of the general North boundary of The lands; There will be a preliminary determination of the location of the natural boundaries by a photogrammetrist, assisted by a CLS, done prior to entering the field; then ground truthing can commence with orthophotos in hand. As part of the Thcho boundary is comprised to a large extent by the natural boundaries (lakes and rivers) and that the existing mapping of this area is on average 25 to 40 years old and as that the Ordinary High Water Mark of most large lakes used to describe the boundaries has probably not changed considerably due to the nature of the land (Canadian Shield), there will be sections of natural boundary that will not be suitable as a boundary. Here again, monuments will be inter-visible (used average separation of 550m) and monuments will be placed at intervals not exceeding one kilometre and marker posts will be placed at all monuments.

YEAR 7

Proposed in year 7 would be the field survey of the general West boundary of Thcho lands. There will be a preliminary determination of the location of the natural boundaries by a photogrammetrist, assisted by a CLS, done prior to entering the field; then ground truthing can commence with orthophotos in hand. As part of the Thcho boundary is comprised to a large extent by the natural boundaries (lakes and rivers) and that the existing mapping of this area is on average 25 to 40 years old and as that the Ordinary High Water Mark of most large lakes used to describe the boundaries has probably not changed considerably due to the nature of the land (Canadian Shield), there will be sections of natural boundary that will not be suitable as a boundary. Here again, monuments will be inter-visible (used average separation of 550m) and monuments will be placed at intervals not exceeding one kilometre and marker posts will be placed at all monuments.

YEAR 8

Proposed in year 8 would be the survey of any remedial survey work identified in the previous 7 years. For example, sections identified by a Canada Lands Surveyor through site inspection where boundary problems need clarification for use as legal definition for Thcho Lands.

Creation of a single plan, showing all boundaries of Thcho lands, compiled from Survey Field Notes and existing CLSR Plans, will be prepared.

The plan will be in an Atlas format. The plan will have individual sheets at a scale of 1:50. The plan will be recorded in the Canada Lands Survey Records and will be registered at the Land Titles office.

5.	Submit plan of survey to Registrar of Land Titles for registration	representative of the institution which issued the interests being disputed	following acceptance of the plan by the representative

- 18.4.8 Where there is a dispute respecting the boundary of an interest that is listed in part 2 of the appendix to this chapter or that is a renewal or replacement thereof granted by government between the holder of that interest and the holder of an adjacent interest granted by the Thcho Government, either holder may refer the dispute to the designated representative of the institution from which it received that interest. Where the representative to whom the dispute was referred and the other designated representative agree, a survey shall be conducted in accordance with their agreement. The plan of survey, upon registration under 18.5, replaces any other description of the boundary. The Minister shall, for the purpose of this provision, designate who is the representative of a government institution.
- 18.4.9 Where a survey is conducted under 18.4.8 for an interest created by an instrument that is registered at the Land Titles Office for the Northwest Territories, the plan of the survey may, if it is signed by the representatives who agreed to it being conducted, signifying their acceptance of the plan, be submitted by one of those representatives to the Registrar of Land Titles for the Northwest Territories for registration. Upon submission of the plan in the required form, the Registrar shall register it.
- 18.4.10 Where a survey is conducted under 18.4.8, the plan of survey replaces any other description of the boundary of the interests upon registration if the instrument creating the interest is registered, or, in any other case, upon signing by the representatives. The costs of the survey and of the registration of the plan shall be borne equally by the institutions that granted the interests, each of which may recover its costs from the holder of the interest it granted.

- (b) portages on Thcho lands associated with a navigable river or other navigable water body that can be entered from a navigable river; and
- (c) Thcho lands that are waterfront lands.
- 19.4.2 The right of access under 19.4.1 must be exercised using the most direct route and by minimizing use of the portages and waterfront lands.
- 19.4.3 The right of access under 19.4.1 to portages on Thcho lands and to Thcho lands that are waterfront lands
 - (a) is subject to prior notice being given to the Thcho Government; and
 - (b) does not include the right to engage in any commercial activity, other than an activity that is necessarily incidental to travel, or to establishing any permanent or seasonal camp or structure.
- 19.4.4 Where a person is unable to comply with the conditions set out in 19.1.6, 19.4.2 and 19.4.3, that person has a right of access to the places listed in 19.4.1 for the purpose of travelling by water in the course of conducting a commercial activity, with the agreement of the Thcho Government or, failing such agreement, on conditions established in accordance with chapter 6. Where the person with the right of access and the Thcho Government do not reach agreement on conditions for the exercise of that right of access, the person with the right of access may refer the dispute for resolution in accordance with chapter 6, but may not exercise it until the dispute has been resolved.

2. The detailed cost and worksheet notes for the Wek'èezhìi Land and Water Board are attached for reference purposes. They were developed for the purpose of estimating the funding to be provided to the Board, and it is not intended that the Board shall be constrained to any particular line item.

PLANNING ASSUMPTIONS:

- 1. For the purpose of submitting a proposed budget, "in a timely fashion", in Activity 1, means 45 days prior to the beginning of a fiscal year.
- 2. Annual budget submissions should be sent to the following:

Director Implementation Management Directorate Implementation Branch Claims and Indian Government Department of Indian Affairs and Northern Development Les Terrasses de la Chaudière Room 1550, 25 Eddy Street Hull, Québec Postal Address: Ottawa, ON K1A 0H4

- 3. Where the Department of Indian Affairs and Northern Development (DIAND) determines that an inspection of a site is required prior to the issuance of a water licence or a land use permit, then DIAND will conduct that inspection. When inspections are conducted prior to the issuance of a water licence or a land use permit, the inspector shall report to the Wek'èezhìi Land and Water Board (Board) with information related to the existing biological and physical characteristics of the lands and waters proposed to be used and the surrounding lands and waters. The report shall also include characteristics of the disturbances that the proposed activity may cause on the surrounding lands and waters and the manner in which any identified disturbances may be minimized and controlled.
- 4. Inspections of the development site will also be conducted by DIAND inspectors, who will ensure compliance with legislation, regulations, and terms and conditions that are required for all permits and licences issued by the Board.
- 5. When the Board is required to hold a hearing in relation to a Class A or Class B Water Licence, the board will advise the Minister as soon as possible that a hearing is required and will submit a budget for the Minister's review and approval. The Minister may reject or approve the budget as submitted or vary it and approve it as varied.
- 6. The Board will have access to the available GIS databases, which are the responsibility of DIAND and which reside in the NWT Regional Office of DIAND (including: surface rights; sub-surface rights; land claims areas; DIAND district areas; geology; protected areas; contaminated sites; and water licences/stations) at no cost, for the purpose of carrying out their responsibilities as outlined in the Thchq Land Claims and Self-Government Agreement.

4.	Request the Auditor General/Audit Bureau to verify the annual statements	NAP, MACA	following request from the Thcho

OBLIGATIONS ADDRESSED:

- 25.1.1 Government shall pay to the Thcho Government, in relation to each calendar year, an amount equal to
 - (a) 10.429 percent of the first \$2.0 million of mineral royalties received by government in that year; and
 - (b) 2.086 percent of any additional mineral royalties received by government in that year.
- 25.1.2 Amounts payable by government under this chapter shall be calculated on the basis of amounts due to and received by government in respect of minerals produced after the date of the Agreement.
- 25.1.3 Payments remitted to the Thcho Government shall be in quarterly instalments.

- 25.1.4 Government shall annually provide to the Thcho Government a statement indicating the basis on which mineral royalties were calculated for the preceding year.
- 25.1.5 On the request of the Thcho Government, government shall request the Auditor General to verify the accuracy of the information in the annual statements.

RELATED CLAUSES:	1.1.1 ("date of the agreement", "mineral", "royalty"), 18.7,
	27.1.1 ("Thcho capital (c)")

PLANNING ASSUMPTIONS:

- 1. Royalties will be paid quarterly based on the amount actually received by government in the previous quarter.
- 2. Mining royalties are received not later than 4 months after the end of a mine's fiscal year end (usually during April, since most mines use December 31 as year end). Therefore, where mining royalties for 2005 are received in April, 2006, the payment to the Thcho will be made during the quarterly payment which follows the receipt of the payment.
- 3. If, after an audit conducted by DIAND or GNWT, government receives additional royalties the payment to the Thcho will be calculated and paid on the basis of the year for which those royalties were due (i.e. if an audit in 2007 finds an amount due to government for 2005 the payment to the Thcho will be calculated on the basis that the payment is for 2005). When, under legislation, government receives interest on late or overdue payments of royalties by producers, any such receipts will be considered as amounts due to and received by government and the Thcho will receive the appropriate amounts. Nothing in this paragraph is intended to prevent any proper claims for interest by the Thcho in other cases.
- 4. If, after an audit, DIAND or GNWT owes a refund to a company, the appropriate percentage will be deducted from the next quarterly payment to the Tłįchǫ based on the royalties received for the year for which the refund was owed.
- 5. When asked to verify the accuracy of the information in the annual statements, the Auditor-General or Audit Bureau will verify whether the figures used (i.e. amounts of royalty received by the Crown, calculation of the Thcho share) are correct.
- 6. In the case of royalties being received for a period which straddles the year for which the Thcho share is paid, or in the case of a partial year after settlement legislation, the royalties will be apportioned on a prorated basis (i.e. based on days in the period for which the royalty was paid).
- 7. When the total value of mineral royalties received by government in a year exceeds \$2 million, then the payments made by each of Canada and the Government of the Northwest Territories at the respective rates shall be in proportion to the amounts received by each government.

after receipt of notification from government that they do not agree with what should be done to avoid the perceived threat, or after 60 days following receipt of the notification by government from the Thcho

ISA PROVISIONS ADDRESSED:

- 6.1 If the Thcho Government is of the opinion that an action of government related to health, education, welfare, family and other social programs and services may impact on Thcho language or the culture or way of life of the Thcho First Nation, the Thcho Government shall notify government within a reasonable time and government shall review with the Thcho Government the action and the perceived impact.
- 6.2 The Thcho Government may, after consultation with government, establish the Thcho Plan to describe how Thcho language and the culture and way of life of the Thcho First Nation are to be respected and promoted in relation to health, education, welfare, family and other social programs and services in Thcho communities or on Thcho lands.
- 6.3 If the Thcho Government is of the opinion that an action of government may pose a threat to the objectives described in the Thcho Plan, it shall notify government of its concerns and provide to government specific proposals as to how government can avoid the perceived threat. Government shall review with the Thcho Government its concerns and proposals.
- 6.4 If government has not agreed that the action complained of by the Thcho Government may pose a threat to the objectives of the Thcho Plan, the Thcho Government may refer the question as to whether the action may pose a threat for resolution under chapter 6 of the Thcho Agreement.
- 6.5 If government and the Thcho Government have not agreed on what should be done to avoid the perceived threat posed by an action of government, the Thcho Government may refer for resolution under chapter 6 of the Thcho Agreement the question as to whether a course of action proposed by the Thcho Government or government will avoid the threat.
- 6.6 If, when the Thcho Government refers the question referred to in 6.5 for resolution under chapter 6 of the Thcho Agreement, government has not agreed that the action complained of may pose a threat, the Thcho Government shall also refer that question under 6.4.
- 6.7 The Thcho Government may not make a referral under 6.4 or 6.5 before the expiration of 60 days after receipt by government of notification under 6.3.

6.8 The decision of an arbitrator resulting from a reference under 6.4 or 6.5 shall answer the question referred but may not order or impose any remedy or require government or the Thcho Government to take any action.

ANNEX D

FINANCIAL PAYMENTS

PART 1. BOARDS AND COMMITTEES:

The annual sums shown hereunder represent the implementation funding required for the listed Boards and Committees to fulfil their duties as identified in the Thcho Claims and Self Government Agreement and in the Implementation Plan for the initial implementation period. Each Board and Committee listed will fulfil its duties within the budget identified. During the initial implementation period, should changes to the remuneration rates for appointees to boards and committees in the Northwest Territories be approved by the Minister of the Department of Indian Affairs and Northern Development, the boards' budgets will be reviewed on a case-by-case basis to determine the need for additional funding.

Subject to annual appropriation by Parliament, Canada will provide funding according to the following schedule:

2002 CONSTANT DOLLARS	<u>Year 1</u>	<u>Year 2</u>	<u>Year 3</u>	<u>Year 4</u>	<u>Year 5</u>

PART 2. WILDLIFE STUDIES:

The payment of the sum identified hereunder recognizes and discharges Canada's obligation with respect to providing funds for research pursuant to clauses 12.3.3(c) and 12.4.2(a) of the Thcho Agreement. The sum identified hereunder will be used by the Wek'èezhi Renewable Resources Board to establish a Wildlife Studies Fund.

The Wildlife Studies Fund will be administered by the Wek'èezhìi Renewable Resources Board in such a manner that the fund shall not be at any time be less than the amount identified hereunder. The purpose of this provision is to secure that this fund will be preserved into the future. This provision may be reviewed and revised by the Implementation Committee on application of the Wek'èezhìi Renewable Resources Board. Any reallocation of funds by the Implementation Committee shall not include any reallocation of funds from the Wildlife Studies Fund.

It is agreed that resources of the Wildlife Studies Fund are to be used for the purposes of contributing information required by the Wek'èezhìi Renewable Resources Board to carry out its responsibilities. Given that management of wildlife is a responsibility shared with territorial and federal departments, efforts will be made to share wildlife research responsibilities.

The categories of research which will be eligible for funding from the Wildlife Research Fund will be research of wildlife populations, wildlife harvest and wildlife habitat in Wek'èezhìi. The Wek'èezhìi Renewable Resources Board will ensure that the projects which it funds or co-funds are consistent with current standards for scientific and traditional knowledge research.

Subject to appropriation by Parliament, Canada will provide funding according to the following schedule:

CURRENT DOLLARS:	YEAR 1
WILDLIFE STUDIES FUND:	\$ 2,500,000

PART 3. CULTURAL COORDINATOR:

The annual sums identified hereunder represent the Parties' total combined contribution, to be shared equally among the three Parties, to the Cultural Coordinator to assist the Cultural Coordinator in the fulfilment of their responsibilities pursuant to the Thcho Intergovernmental Services Agreement. Subject to annual appropriation by the Parliament of Canada, by the Legislative Assembly of the Northwest Territories, and by the instrument designated for this purpose by the Constitution of the Thcho Government, the Parties will each provide one-third of the total funding according to the following schedule:

2002 CONSTANT DOLLARS	<u>Year 1</u>	<u>Year 2</u>	Year 3	Year 4	<u>Year 5</u>
CULTURAL COORDINATOR					
Total Ongoing	180,340	180,340	180,340	180,340	180,340
Total One Time	10,500				
	<u>Year 6</u>	<u>Year 7</u>	<u>Year 8</u>	<u>Year 9</u>	<u>Year 10</u>
CULTURAL COORDINATOR Total Ongoing	<u>Year 6</u> 180,340	<u>Year 7</u> 180,340	<u>Year 8</u> 180,340	<u>Year 9</u> 180,340	<u>Year 10</u> 180,340

PART 4. GOVERNMENT OF THE NORTHWEST TERRITORIES:

Subject to the Bilateral Funding Agreement Respecting the Implementation of the Thcho Agreement between the Government of Canada (Canada) and the Government of the Northwest Territories (GNWT) and subject to annual appropriation by Parliament, Canada will provide the GNWT with additional funding as described below to assist the GNWT in the fulfilment of its implementation activities as described in this Plan. These amounts will be adjusted in accordance with the Bilateral Funding Agreement.

2002 CONSTANT DOLLARS	Pre-ED	<u>Year 1</u>	<u>Year 2</u>	<u>Year 3</u>	<u>Year 4</u>	<u>Year 5</u>
GOVERNMENT OF THE Northwest Territories	1,000,000	1,500,000	1,500,000	500,000	500,000	500,000
		<u>Year 6</u>	<u>Year 7</u>	<u>Year 8</u>	<u>Year 9</u>	<u>Year 10</u>
GOVERNMENT OF THE Northwest Territories		500,000	500,000	500,000	500,000	500,000

PART 5. ANNUAL ADJUSTMENT:

A. Annual Calculation of Net Transfer Amounts

The Annual Price Adjustment Factor (APAF) to be applied for a fiscal year is equal to the quotient obtained by taking the Final Domestic Demand Implicit Price Index (FDDIPI), for the third quarter of the calendar year immediately preceding the calendar year in which the new fiscal year for which the adjustment is being made begins, and dividing it by the FDDIPI for the third quarter of the calendar year prior to the immediately preceding calendar year.

The FDDIPI values used to calculate the Annual Price Adjustment Factor which is to be applied to determine the Funding Amount for a particular fiscal year will be the FDDIPI published by Statistics Canada immediately following the end of the third quarter of the calendar year immediately preceding the calendar year in which the particular fiscal year commences. In the event that there is a delay in publishing the third quarter statistics, then the Annual Price Adjustment Factor from the previous year, or an estimate as otherwise agreed by the Implementation Committee, may be used until the statistics are available, and any subsequent adjustments will be made prior to the disbursement of the next scheduled payment.

New fiscal year Funding Amount (FA) = previous year Funding Amount multiplied by the Annual Price Adjustment Factor (APAF), or

$$FA_{y} = FA_{y-1} \times APAF$$

where:

$$APAF = FDDIPI_{3Q y-1} / FDDIPI_{3Q y-2}$$

and where:

 $FDDIPI_{3Qy-1}$ is the first published value of FDDIPI for the third quarter of the calendar year immediately preceding the calendar year in which the new fiscal year begins; and

 $FDDIPI_{3Qy-2}$ is the value of FDDIPI for the third quarter of the calendar year prior to that immediately preceding (y-1) calendar year, which is published in the same publication and at the same time as the FDDIPI value used for 3Qy-1.

Once an Annual Price Adjustment Factor has been calculated, the result shall be final and shall not be subject to revisions, unless otherwise agreed by the Parties. For greater certainty, subsequent revisions, rebasing or other changes to FDDIPI figures used to calculate the Annual Price Adjustment Factor for fiscal years of this agreement shall not result in adjustments to the Annual Price Adjustment Factor for previous fiscal years.

B. Periodic or Irregular Payment Amounts

Where there are line items in a budget which do not appear in each consecutive year, then the Annual Price Adjustment Factor, as calculated above, shall be applied, cumulatively and unchanged, to determine the adjusted amount for any year in which that item appears.

C. Calculation of Effective Year (only) Funding Amounts

Funding amounts shown in 2002 dollars will be adjusted, to determine the funding for the effective year in accordance with the following calculation:

- for this one-time adjustment only, the adjustor will be the change in FDDIPI which would have applied as of April 1 of the effective year (i.e. third quarter of EY-1), over FDDIPI for the third quarter of 2001.

One-time adjustor = FDDIPI _{3QEY-1} / FDDIPI_{3Q 2001}

using both FDDIPI values appearing in the same publication which contains the latest available annual value of FDDIPI.

Note: "FDDIPI" as used in this Implementation Plan refers to the *Canada Final Domestic Demand Implicit Price Index* as published regularly by Statistics Canada for the third quarter, on or about November 30 of each year, in CANSIM II Table 380-0003, Series D100466, and printed in Catalogue Number 13-001, matrix 10512, labelled as "Canada Implicit price index; Final Domestic Demand," or any successor index or publication.
